BRACKEN MAN RECEIVES STRAY SHOT IN HEAD

Mr. James Milley Wounded While Hunting On Thanksgiving Day—in Cincinnati Hospital.

Mr. James Milley who resides on the Chatham and Germantown pike about seven miles from Augusta is in a Cincinnati hospital as the result of being accidentally shot on Thanksgiving Day.

Mr. Milley had just received a carload of cattle from Cincinnati and had taken them out to the farm that day. In the afternoon he was down in the field attending to the fencing around the pasture when the incident occurred. A Cincinnati gentleman visiting Mr. Harry Drahan was in the field hunting with others and a stray shot from his gun struck Mr. Milley above the eye penetrating the frontal bone and lodging back of the eye-ball. Dr. Browning of Germantown was called and recommended that Mr. Milley go to Cincinnati for more thorough examination and treatment. Acting on the advice of the physician he was brought to Augusta and boarded the afternoon train.

Mr. Milley's many friends in and around Augusta trust that the wound is only slight and that no permanent injury has been sustained.—Augusta Independent.

MINOR CITY OFFICERS RE-ELECTED BY COUNCIL

Very Quiet Session of City Council Held Thursday Evening—All of Mayor's Appointments Ratified.

Thursday evening's meeting of City Council was a very quiet one, there being no business of importance transacted aside from the election and appointment of minor city officials for the ensuing twelve months.

The following officers were chosen: Matron Alms House—Mrs. Daisy Roper.

City Physician—Dr. S. R. Harover. Wharfmaster—Stanley Willett. City Weigher—Joseph H. Dodson. City Pardon Board—O. Greenlee.

Nace Brady with Mayor added. Police officers appointed by the Mayor and ratified by council were Messrs. James Mackey, Carl Carpenter, Harry Stewart, Leo Carey, James Morgan, and Arch Raley. From these thus chosen the Mayor will select a Chief and it is certain that Chief of Police James Mackey will receive this appointment for another year.

WHO WON THE MONEY.

The following from a Vanceburg paper:

Tollesboro, Ky., December 4. Who won the twenty dollar gold piece? Lewis county, of course.

Some months ago a lady in the Grass neighborhood won the beauty prize. A few days ago J. M. Gray, of this place, received a twenty dollar gold piece from the Maysville Nursery Stock Co. for superior salesmanship. Jess Little, of Manchester, Ohio, (not of Lewis county) a good second, \$100 or so behind in sales of nursery stock for the above company says "J. M. Gray is the best man on earth, but, he believes in the league of nations."

STATE EDUCATORS TO HOLD MEETING AT STATE CAPITAL

School Executives of the State to Meet With State Superintendent at Frankfort in Mid-Week Session Next Week.

Frankfort, Ky., Dec. 8.—The annual mid-winter conference for school superintendents of Kentucky will be held here December 14, 15 and 16, according to information sent out by George Colvin, state superintendent of public instruction. The superintendents will meet for a round table discussion Thursday, December 14, but the regular sessions of the conference will not begin until the following day.

In letters sent out from the department of education Mr. Colvin has urged a full attendance, giving it as his opinion that the county boards can authorize the payment of the superintendents' expenses for the conference.

"We ought to make this conference an occasion for formulating a school program to be presented to the political parties when they draft their platform next year," Superintendent Colvin said. "Whatever reactionary forces there are in the state will more than likely center their forces and activities upon the superintendency within the coming months. If the county superintendents are to hold the advantages they have won they will need to stand together as never before."

The greatest problem confronting the school forces of this state is that of providing equality of educational advantages for all the children, according to Mr. Colvin. This is one of the objects to be taken up for consideration at the meeting here next week. County school superintendents must take the lead in finding a solution of the equality of advantages problem, according to Mr. Colvin.

JOHN FOX PLAY HERE NEXT MONDAY NIGHT

"The Little Shepherd of Kingdom Come" to Be Presented for Benefit of Kentucky Cardinal Band.

So enduring is the quality of the tale of "The Little Shepherd of Kingdom Come" written by John Fox, Jr., and dramatized by Sidney Toler that this charming tale which is to be presented at the Washington theater next Monday night for the benefit of the Boys' Band is classed with those wonderful plays "Way Down East" and "The Old Homestead."

In writing his version of the master Fox novel, Sidney Toler has achieved the all important and highly difficult task of completely transferring the color and warmth of the book to the stage. One of the most interesting features of "The Little Shepherd of Kingdom Come" is the quaint fashion in which the love story between Chad and Melley starts and the way in which it is developed up to its happy conclusion.

The plot dwells particularly upon the loves and tragedies that found their being among the mountaineers of the Blue Grass state. In the production special attention is paid to customs, properties, and scenic environment and each act is a gem of stage portraiture. The play is meeting the same grand success that greeted the charming book by John Fox, Jr., who is also the author of "The Trail of the Lonesome Pine." With a New York company the drama comes here Monday night.

FOUR INSURGENTS ARE EXECUTED BY IRISH FREE STATE

O'Connor, Mellows and Two Others Are Executed by Irish Free State As Reprisal for the Assassination of Deputies.

Dublin, Dec. 8.—Irish O'Connor and Liam Mellows, Irish rebel generals taken prisoners after the insurrection against the Free State was put down in Dublin, were executed at Mount Jay Prison today, it was announced officially.

Two other insurgent officers were executed at the same time.

The Free state government announced the rebel leaders were executed as a reprisal for the assassination of Sean Hales, Free State Parliament deputy, yesterday.

The executions created nearly as much excitement as was occasioned by that of Erskine Childers, for O'Connor and Mellows were heroes to all with republican leanings because of their gallant stand in the Four Courts fight. O'Connor held out in the law courts between the banks of the Liffey against overwhelming odds until Free State artillery sent walls crashing in about the heads of his men. Finally he surrendered.

Liam Mellows, leading a little rebel band in guerrilla fighting on Sackville street, finally was cornered near the Gresham Hotel. He was called upon to surrender, but refused and came out revolver in hand, resolved to die fighting. A Free State trooper wounded him and he was captured.

Mrs. George Lawrence, of Cleveland, Ohio, is the guest of relatives and friends in Maysville.

TWO BANK SUITS TO BE TAKEN UP AS TESTS

Attorney for State Banking Association Will Select Two Out of Many Tax Cases Filed as Tests.

Frankfort, Ky., Dec. 7.—Out of the large number of suits filed by National and state banks to gain exemption from local taxation two will be selected by T. Keady Helm, counsel for the State Bankers' Association, and Attorney General Charles I. Dawson as test cases, as all in each class involve the same issues.

National banks are suing in the Federal Court and state banks in the state court.

Attorney General Dawson said the issue of fact raised by some banks, seeking a reduction in the assessment of their shares, will not be a matter of agreement for a test suit; but each case will be fought out on such facts as are produced. The banks allege that their shares are assessed at 100 per cent. of their fair cash value, while property generally is assessed on a lower basis, and they ask to have their assessments equalized with the average.

MRS. RUSSELL BURIED TODAY.

The funeral of Mrs. M. C. Russell was held from the home in Third street Friday afternoon and burial followed in the Maysville cemetery. Many were in attendance to pay their last tribute of respect to this good woman. The floral tributes were many and beautiful.

Miss Margaret Fitzgerald has returned to her home at Lexington after a visit with relatives and friends here.

OREGON TOWN IS RAZED BY BLAZE EARLY THIS A. M.

All Important Business Houses of Astoria, Oregon, Burned in Ten Million Dollar Blaze at Early Hour This Morning.

Astoria, Ore., Dec. 8.—The business district of Astoria was laid in ruins by a fire which broke out shortly after 2 a. m. and, despite efforts of the local fire department and reinforcements from Portland, swept 16 blocks, causing a loss estimated at \$10,000,000, two lives were lost.

The men reported to have lost their lives were Morris Staples, president of the Bank of Commerce, and W. H. Felton, owner of the largest furniture store in town.

The buildings destroyed included the leading hotel, the principal stores and all the banks.

STATE P. T. A. MEET IS ENTERTAINED HERE.

Mrs. Bettie Harris, state organizer of the Parent-Teachers' Associations of the state of Kentucky, was the guest Friday of the Parent-Teachers' Associations of Maysville at a joint meeting held at the Forest avenue school building. Many interested in the work of these splendid organizations attended the meeting. Lunch was served.

BURLY GRADING WORK SEEN AS BETTER MARKETING MOVE.

Lexington, Ky. — Tobacco grading demonstrations that are being put on over the burley district this fall through the cooperation of the Burley Tobacco Growers' Co-operative Association, county agricultural agents and the College of Agriculture mark a big step toward better methods of marketing Kentucky farm products, according to O. J. B. Jessness, chief of the marketing section of the college. The importance of striving for uniformity and quality in the burley leaf crop will be stressed in the demonstrations. Any farm product that has these two characteristics is far less hard to market than those that do not have them.

"Tobacco manufacturers, like others who deal in farm products buy them for definite purposes and want the grades best suited to their needs. The tobacco manufacturer who is looking for a certain grade of smoking type tobacco naturally prefers to buy a uniform lot of that tobacco rather than a mixture of chewing and smoking types. One of the big advantages of the co-operative tobacco marketing organizations is that the leaf handled by them is sold on the basis of definite grades so that the farmer is paid in accordance with what he produces."

"The same principle holds true with other products. It is important to know market demands and preferences and the guided by them in producing for the market. Butter made from low quality cream, sells at lower prices than that made from high quality cream and the difference in the price paid the farmer for cream. Apples which have been injured by insects, diseases or bruises or which are ungraded do not sell nearly as well as those which are uniform and of good quality. The potato crop is large this year but the leading potato-growing states are taking steps to offset this heavy production by giving special attention to grading so that their output may find satisfactory markets."

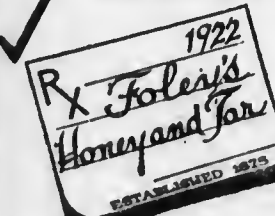

"Standardization and grading have aided considerably in developing many of the outstanding co-operative marketing organizations in the country. Marketing organizations handling such products as citrus fruits, butter, cheese, apples, cranberries, raisins, wool and eggs have used careful grading and by so doing have stimulated the demand for their products and increased the prices obtained for their members."

IRON ORE IN NORTH CAROLINA.

The continuous production of grown hematite (iron ore) in North Carolina during the last five years has attracted attention to that state as a possible source of an abundant supply of ore of that kind when the demand for it becomes greater. Since the beginning of 1917 about 125,000 tons of brown hematite has been produced in the state, a large part of it in Cherokee county.

Most of the deposits of brown ore in North Carolina are found in the valleys that lie between the mountain ranges in the western part of the state and on the Piedmont Plateau, in its central part. Some deposits are found in the Coastal Plain, but they are of little value. The largest deposits in the mountain district are in Cherokee, Madison, and McDowell counties. Those in the Piedmont region are in Catawba, Lincoln, and Gaston counties.

The origin and age of the deposits, the character of the ore, and other pertinent information are set forth in a report by W. S. Bayley, just published by the United States Geological Survey, as Bulletin 735-F.

COMMENT

There are at least three men in Maysville today who know that you can't always rely on promises or implied promises and especially in politics.

Doctors often disagree in private but they usually agree in public on all questions touching their profession. If they get to telling things on each other it might make some very interesting reading.

Since the presentation of a certain well known moving picture here, several of our local sports have been thinking seriously of taking to the desert and becoming a Shiek but some of them have now changed their minds and will go to the Hawaiian Islands instead.

Wonder why it is most people just naturally like to give to the influential and wealthy. President Harding was given turkeys, chickens, pigs and other good things to eat for Thanksgiving by persons in all parts of the country while hundreds in the country went hungry for a crust of bread.

The Maysville High School kids are soliciting subscriptions to a magazine to raise funds with which to support the varsity basketball team. This should not be necessary. The High School Athletic Association should be self-supporting and would be if we would all patronize high school games.

After the rain, the street cleaning department might get busy on the paved streets for they look like they need a thorough cleaning before the big holiday rush is on. The paved streets in the east end need attention immediately.

C. & O. freight trains on several occasions recently have blocked Lexington and Poplar street at the noon hour when children from the Forest avenue school are on their way home to lunch. We have heard of some of these children climbing over and under these freight trains after becoming impatient at the train's long wait. Children are warned against this by their teachers but trainmen should be instructed to guard these crossings whenever it becomes necessary to block them a reasonable length of time.

Our Daily Poem

A SOUTHERN SUNSET.

Behold! how wondrous, wonderfully grand
The shapes and colors of yon sunset sky;
Rare isles of light in crimson oceans lie.
Whose breezy waves seem rippling,
bright and bland,
Up the soft slopes of many a mystic strand.
While luminous capes and mountains towering high,
In golden pomp and proud regality,
Overlook the frontiers of that fairy land;
But now in transformation, swift and strange,
The vision changes! Castles glittering fair,
And sapphire battlements of loftiest range,
Commingle with east spire and gorgeous dome,
Round which the sunset rolls its purpling foam,
Girding the transient Venice of the Air! —Paul Hamilton Hayne.

KAISER BILL.

Friday the Pastime presents Art Acord in "Days of Buffalo Bill," a historical picture that every school child ought to see. It will help them in their studies. Friday's picture: Camp scenes in Union and Confederate Armies, show Lee and Grant; sleeping Union sentry sentenced to death, his mother pleads with Lincoln.

Added attraction: views of Germany's former ruler and the scene of his wedding at Doorn, Holland.
Coming next week, the most talked of picture since "Over the Hill," "Where is My Wandering Boy Tonight?"

SPECIAL ROAD ELECTION
IS BOUGHT IN FLEMING.

Flemingsburg, Ky., Dec. 6. — A petition is being circulated in Fleming county asking the fiscal court to call a special election February 24, 1928,

for a road bond issue of \$225,000. The roads upon which the money is to be expended with state and federal aid, are the Maysville and Lexington turnpike; the Owingsville pike, beginning at Wyoming and extending

through Flemingsburg, to the intersection of the Lexington pike; the Owingsville pike from Sherburne through Flemingsburg to the Mason county line on the Maysville pike; and the pike from Lewis county line at Fox-

port to Flemingsburg.

MONEY AND MARKETS.

During the last thirty days, commercial and industrial activity has reflected the usual stimulation of fall and winter demand. Retail trade in the larger cities is more active than at the corresponding period of last year, and seasonal acceleration is evident throughout the country. Uncertainty as to the volume of purchases by the farmers of the grain and livestock states has not been dispelled, however. Wholesale trade has been good throughout the current period. Stocks of many kinds of goods in the hands of both wholesale and retail dealers are light, but neither this fact nor threats of high prices have been sufficient to induce buyers to make substantial forward purchases. The conservatism shown justifies the belief that the catastrophe of 1920 has not been forgotten.

Total car loadings and loadings of merchandise and of less than carload lots are practically at the record levels established in 1920. Despite car shortage, especially for coal and for the movement of farm products, the railroads are handling freight remarkably well. Coal has been rapidly moved to the lake ports for shipment to the Northwest before the close of navigation. Receipts of wheat at primary markets to date, while somewhat less than for the corresponding period of 1921, are well above receipts for 1920. The livestock movement is satisfactory. Cotton is moving more rapidly than in 1921. Some industrial consumers are beginning to accumulate coal.

reservoir, and the disappearance of premiums for immediate delivery is evidence of improved transportation for steel.

The manufacturing industries as a whole are operating at not far below normal. Steel output is at 75 per cent. of capacity. There has been a notable expansion of pig iron production which for October exceeded any month since December, 1920. Railroad orders continue heavy. Demand from the automobile and building industries is good, due account being taken of seasonal decline. Buying by agricultural implement makers is still light. The indications seem to be that demand for steel may slacken somewhat during the remainder of the year, but that recovery will be made early in 1923. Demand for machine tools is fair.

The woolen and worsted industry is at between 80 and 85 per cent. of capacity. Hoot and she manufacturers range from 80 per cent. In New England to capacity at St. Louis. Cotton consumption in October was 533,550 bales, compared with 494,745 and 401,325 bales in October 1921 and 1920 respectively. October output of automobiles made a new high record for that month. Building is exceptionally active for the season, this condition being reflected in the various industries producing building materials.

STOCK SHOW OFFICIALS SET RECORDS.

Long continuous service on the part of its faithful officers and directors is one reason why the International Live Stock Exposition, which celebrates its twenty-third anniversary December 2nd to 9th at Chicago, has enjoyed such a wonderful growth year by year for nearly a quarter of a century.

J. A. Spoor, A. G. Leonard, Alvin H. Sanders, G. H. Davison, C. F. Curtiss, R. B. Oelivie and Edward F. Swift have

all served as officials of the institution throughout its entire life. Among the other present-day directors, John Clay has given twenty-one years of effort to the exposition and F. W. Harding, O. E. Bradfute, J. W. Martin, Thomas Clark and J. Ogden Armour have all served for two decades in developing the show. For sixteen years, I. M. Forbes, E. H. Ingwersen and B. H. Heide, the present Secretary-Manager, have contributed their share towards making this the greatest agricultural show on earth. Fred Pabst, Robert A. Fairbairn, James Brown, Robert Miller, O. T. Henkle, Thomas E. Wilson, J. N. Conyngham, S. T. Kiddoo, Jess C. Andrew, W. W. Wright and Frank O. Lowden have all devoted many years of effort to the success of the institution and are still active in its management.

In all, sixty-six prominent citizens have served as officials of the International, averaging on the whole over a decade of service each. No similar institution ever had such a record for devoted, continuous guidance and in view of this fact it is not surprising that the exhibition grows bigger and better every year of its existence. Indications are that without doubt the coming session of the International Live Stock Exposition to be held in Chicago, December 2nd to 9th, will be even a more wonderful spectacle than any of its predecessors in the long series of triumphant successes.

REDUCED FARES TO STOCK SHOW.

Railroads entering Chicago have announced preliminary reduced excursion rates over their lines during the International Live Stock Exposition, December 2nd to December 9th, as an inducement to their patrons to attend the greatest agricultural show in the world.

An open rate of a fare and one-third for the round trip from points in Western Passenger Association territory, Missouri River and East, has been granted. The Central Passenger Association lines have authorized a one and one-half fare for the round trip from Ohio, Indiana, Illinois and Lower Michigan; also from Louisville, Kentucky, St. Louis and Hannibal, Mo., and Keokuk, Iowa. Children will be carried for half fare.

These special tickets will be sold from December 1st to 5th inclusive.

SPRAY NOW FOR PEACH LEAF CURL, ORCHARD MEN SUGGEST.

Lexington, Ky. — This is the time of the year to spray peach trees with lime sulphur to prevent damage next spring from peach leaf curl, orchard specialists at the College of Agriculture say. Many farmers and growers make the mistake of putting off the spraying and then getting alarmed because the leaves on their peach trees curl up and drop after it is too late to stop the disease.

Leaves infested with the disease become swollen, distorted and curled and finally drop off soon after they unfold in the spring. This takes the life out of the tree and finally causes the fruit to drop. The disease is checked by spraying the trees a this time of the year with a lime sulphur solution made by using one part of commercial lime sulphur to eight of water.

STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit To Every Maysville Reader.

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorser who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice told and confirmed, with new enthusiasm. Can any reader doubt the following? It is from a Maysville resident: "Mrs. M. Holliday, 221 East Second street, says: 'My back became weak and lame and ached across my kidneys. My kidneys acted irregularly and I was dizzy and had headaches. I used Doan's Kidney Pills bought at Wood & Son's Drug Store and they relieved me of the attack.' (Statement given November 16th, 1914.)

On November 22, 1920, Mrs. Holliday added: 'My kidneys have given me no trouble at all since using Doan's Kidney Pills. I gladly renew my former statement.' Price 60 cents, at all dealers. Don't simply say for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Holliday had. Foster-Milburn Co., Buffalo, N. Y.

SALE OF MAYSVILLE REAL ESTATE

As heirs of Anna C. Day, deceased, we will, on

SATURDAY, DECEMBER 16, 1922, At 1:30 p. m. on the premises hereinafter described, sell at public auction to the highest and best bidder the following described three parcels of real estate:

No. 1.—That house and lot located on the south side of Forest avenue, Maysville, Kentucky, and fronting 31 feet on Forest avenue and extending back 143 feet, more or less, and being the same property described in Deed Book 92, page 355, Records of the Clerk of the Mason County Court.

This is a cozy home and an attractive property, nicely and conveniently located.

No. 2.—That certain parcel of real estate lying on the north side of Elizabeth street, and fronting thereon 33 feet and running back 105 feet, more or less, and being Lot No. 78 on the plat of Woodville, and improved with a double frame house.

No. 3.—That certain parcel of real estate fronting on Elizabeth street 33 feet and running back 105 feet, more or less, and adjoining the above property, and being lot No. 77 on the plat of Woodville, and improved with a dwelling house, and being the same property described in Deed Book 103, page 478, Records of the Clerk of the Mason County Court.

These two latter parcels of property earn a good rental income and should make a good investment for a purchaser.

TERMS:—This property will be sold on terms of one-third cash upon execution and delivery of deed, one-third in one year, and one-third in two years from date of deed, with note at 6% per annum, payable semi-annually, and lien in the deed to secure its payment.

TOBACCO POOL HOUSES WILL OPEN MONDAY

Final Arrangements to Receive Association Tobacco Made by Officials of Burley Co-operative.

Final preparations have been made for the opening next Monday morning of the receiving plants of the Burley Tobacco Growers' Co-operative Association. President and General Manager James C. Stone, Director of Warehouses Ralph M. Barker, Secretary and Treasurer H. Lee Earley, Vice Presidents James N. Kehoe and Bush W. Allen, and John B. Winn, of the executive committee, were in conference most of Thursday completing details preliminary to the opening. When the 77,000 and more members are ready to deliver their crops the association will be ready to receive them.

The same procedure will be followed as was followed last year, the grower registering for the delivery of his crop, either by telephone, by mail or in person. Each grower will be given a date for the delivery of his crop by his warehouse manager and he is expected to deliver on that date. Growers are requested by the association management not to reserve a date until their tobacco is ready for delivery.

LOCAL TOBACCO MARKET REMAINS STRONG.

The local non-pooled tobacco market remains very strong. Prices on Friday's sales were splendid and growers selling were greatly pleased with their averages. Houses report as follows:

CONEY ISLAND COMPANY ASKS LIABILITY LIMIT.

Following the filing of a petition asking for limitation of the liabilities of the Coney Island Company for losses and injuries by the collapse of a deck of the Island Queen while transporting passengers to the Grant Centenary celebration at Point Pleasant on April 27, Judge John W. Peck of the United States District Court at Cincinnati Thursday appointed Thos. H. Kelley as appraiser to investigate and report to the court. The Coney Island Company requested in its petition that its liabilities be limited to the value of its interest in the Island Queen. An appraisal of this value is to be made by Kelley at an early date.
